use it throughout the year. If you have an amazon account and need help setting up this free feature, please feel free to see Maria B. in the front office.

### **Construction Update:**

Next week the construction crew will be pouring concrete onto both new parking lots located on White Rd. and near the cafeteria. What you can expect to see is many trucks entering and exiting the construction site. They have also informed us that when they will be pouring the concrete there will be an asphalt-like smell. Classrooms near the parking lots should keep windows closed. All this will be happening so that in January upon our return both parking lots will be open for use! We will have a parking plan to share with everyone before we leave for the break. Any questions, please see Maestro EKS.
